About Us

We Meakem provide products and solutions to our clients for their needs through research, product development, efficient manufacturing practices, quality assurance and prompt support to ensure customer satisfaction

Vision

To be a preferred global provider of laboratory chemicals, reagents and other allied products to various industries who are the users of our products through innovation and hence benefit our partners, suppliers and stakeholders

Quality Policy

Our Primary objective is to satisfy its customers which is implemented by adopting the policy of Right Quality and Timely Delivery of Laboratory Reagents and Fine Chemicals. Meakem is also committed to implementing a Quality Management System as per the guidelines and continually improving its effectiveness.

Objectives

No Rejections and customer End
Improving Rejection at Supplier End
Providing Customer with the right delivery
Improve Customer Satisfaction

Environment, Health and Safety

Meakem is a proponent of Sustainable Chemistry with Safety. Following are some of the initiatives and practices at Meakem to move towards compliance to Environment, Health & Safety Standards:

Efficient Energy Management

Waste Water Management and Water Recycling Initiatives

Health & Safety Program Development and Training

Regular Process Audits for Safety

Food Grade Additives

- Ammonium carbonate
- Ammonium chloride
